

K 200

Premium Ribbon for flat-head-printer

These colour ribbons based on wax resin are characterised by the especially high mechanical durability of the print and very good transfer rates. This guarantees best possible print results on smooth or lightly textured paper surfaces and PE or PET materials.

Key characteristics

- good scratch and smudge resistance
- very good print quality on a multitude of commercially available label materials
- outstanding transfer rate at speeds of up to 6"/sec
- heavy metal free formulation in accordance with EN 71
- compatible with all commonly available thermal transfer printers
