8000D 10 Year Receipt

Receipt paper

Direct thermal

Description

An uncoated direct thermal 60 micron white tag stock which produces high contrast black images with Zebra mobile printers. Once printed to its optimum image density, printed images will remain legible for 10 years*, making it a good choice for archive applications such as receipts, invoices and delivery notes. It is not recommended for applications involving exposure to moisture and solvents.

Suggested Applications

- Delivery notes
- Mobile receipt printing
- Mobile invoice printing
